

HUMAN RESOURCE MANAGEMENT

A company's org chart is only as good as the people filling it. Today we look at how businesses find, train, pay, and support the people who actually do the work — from the job posting to retirement.

WHAT YOU'RE GETTING FOR YOUR 50 MINUTES

- 9.1** Describe the processes involved in HRM.
- 9.2** Explain how employees are trained and evaluated.
- 9.3** Understand how employees are compensated, scheduled, promoted, terminated, and retired.
- 9.4** Describe how incorporating diversity affects the workforce.
- 9.5** List the objectives, structures, and future of labor unions.

Gold-outlined boxes are in-class activities — that's your cue to actually participate, not just read.

THE DEFINITION WE BUILD ON ALL CLASS

Human Resource Management (HRM). Managing employees throughout their entire employment lifecycle, from hiring to separation.

Chapter 7 showed how a company organizes its work. Chapter 9 shows how it finds and keeps the people who do it.

OBJECTIVE 9.1

Managing people, start to finish

HRM covers everything from writing the job posting to deciding who gets promoted.

Human Resource Management (HRM). Managing employees throughout their employment lifecycle.

YOUR OWN EXAMPLE

HRM activities

Tap each stage to see what it involves.

01 Workforce planning

Forecasting how many employees, and with what skills, the company will need.

EX. _____

02 Recruitment

Attracting a pool of qualified candidates for open positions.

EX. _____

03 Selection & hiring

Evaluating candidates and choosing who to bring on board.

EX. _____

04 Training

Building the skills employees need to do their jobs well.

EX. _____

05 Compensation

Deciding pay and benefits for the work performed.

EX. _____

06 Employee relations

Maintaining a healthy, fair relationship between the company and its workforce.

EX. _____

Key HR tools

- Workforce profile — a snapshot of who currently works for the company
- Job analysis — studying what a job actually requires
- Job description — the duties of a position
- Job specifications — the qualifications needed to do it

Where candidates come from

Internal recruiting. Filling an open position with a current employee — faster, cheaper, and good for morale, but limits new perspectives.

YOUR OWN EXAMPLE

External recruiting. Filling an open position with someone from outside the company — brings fresh ideas, but takes longer and costs more.

YOUR OWN EXAMPLE

IN-CLASS DISCUSSION

Think of a job you've had or want. Would that role usually be filled internally or externally — and why?

NOTES · 9.1 MANAGING PEOPLE, START TO FINISH

OBJECTIVE 9.2

Training, developing, evaluating

Hiring someone is the beginning of HRM's job, not the end.

Training methods

- Orientation
- On-the-job training
- Apprenticeships
- Virtual training
- Simulation training

Management development

- Job rotation
- Coaching
- Mentoring
- Action learning

Performance evaluation

- Performance appraisals
- Goal setting
- Feedback
- 360-degree appraisal

360-degree appraisal. A performance review that gathers feedback from a manager, peers, and sometimes subordinates or customers — not just the boss.

YOUR OWN EXAMPLE

REAL-WORLD EXAMPLE

Many tech companies now run continuous, ongoing feedback instead of a single annual review — treating performance evaluation as a habit, not an event.

NOTES · 9.2 TRAINING, DEVELOPING, EVALUATING

OBJECTIVE 9.3

Pay, schedules, and the employee lifecycle

Compensation is more than a paycheck, and every employee eventually leaves — the question is how.

What "getting paid" can include

01 Compensation

Salaries, wages, commissions, and bonuses.

EX. _____

02 Benefits

Health insurance, retirement plans, 401(k), profit-sharing, and paid time off.

EX. _____

03 Flexible work options

Telecommuting, flextime, compressed workweeks, and job sharing.

EX. _____

How employment ends

Tap each card — separation isn't always a bad thing.

Promotion. Moving an employee up to a role with more responsibility — a form of separation from their old position.

YOUR OWN EXAMPLE

Termination. Ending an employee's job, either for cause or as part of a layoff.

YOUR OWN EXAMPLE

Retirement. An employee voluntarily leaving the workforce, often after years of service.

YOUR OWN EXAMPLE

Buyout. A company offers an employee compensation to voluntarily leave, often to reduce headcount without layoffs.

YOUR OWN EXAMPLE

NOTES · 9.3 PAY, SCHEDULES, AND THE EMPLOYEE LIFECYC

OBJECTIVE 9.4

Diversity strengthens the workforce

A workforce that reflects a range of backgrounds tends to make better decisions — but getting there isn't automatic.

Benefits of diversity

- More perspectives on any given problem
- Better problem solving
- Improved global understanding
- Greater innovation

Challenges

- Cultural differences
- Generational differences
- Communication barriers

Diversity training. Programs designed to promote inclusion and improve relationships across a diverse workplace.

YOUR OWN EXAMPLE

IN-CLASS DISCUSSION

Think of a time diverse perspectives improved a group project, team, or class decision. What made the difference?

NOTES · 9.4 DIVERSITY STRENGTHENS THE WORKFORCE

OBJECTIVE 9.5

Labor unions and collective voice

When individual employees feel they have little bargaining power alone, some organize together.

Labor union. An organization that protects workers' interests, typically through collective negotiation with employers.

YOUR OWN EXAMPLE

What unions push for

- Better wages
- Improved working conditions
- Job security

Collective bargaining. Negotiation between a union and an employer over wages, hours, and working conditions.

YOUR OWN EXAMPLE

How unions apply pressure

Strikes. Employees collectively stop working until demands are met.

YOUR OWN EXAMPLE

Picketing. Public demonstration outside a workplace to draw attention to a dispute.

YOUR OWN EXAMPLE

Boycotts. Encouraging the public to stop buying from a company until it meets union demands.

YOUR OWN EXAMPLE

DISCUSSION QUESTION

Should more industries be unionized today? What would workers gain — and what might companies argue they'd lose?

NOTES · 9.5 LABOR UNIONS AND COLLECTIVE VOICE

CHAPTER 9 · WRAP-UP

Closing the personnel file

Define each term in your own words. If you can do all of them without looking, you're ready for the quiz.

DEFINE THESE IN YOUR OWN WORDS

- | | | |
|-----------------------|-------------------------|------------------------|
| • HRM | • Job analysis | • Job description |
| • Internal recruiting | • External recruiting | • 360-degree appraisal |
| • Compensation | • Benefits | • Diversity training |
| • Labor union | • Collective bargaining | • Strike |
| • Boycott | • Job rotation | • Mentoring |

ACTIVITY MINUTE · BEFORE YOU LEAVE

Which key term from this chapter matters most, and why?

Your one biggest “aha” moment from today.

What would make you want to work for a company long-term?

TOTAL — 50 MIN · PAID IN FULL

Chapter 7 showed how a company organizes its work. Chapter 9 showed how it finds, trains, and keeps the people doing it. Next, we look at the technology reshaping how all of this happens.
